BT5950

Ø38MM POLE ADAPTOR

FOR SYSTEM 2 Ø50MM CEILING MOUNTS

The BT5950 is a pole adaptor from B-Tech's System V Range; a collection of components designed for the installation of CCTV and other ceiling mounted equipment. Designed for use with BT5935 Ø38mm poles, the adaptor expands the mounting flexibility of System V by allowing the use of specialist Ø50mm System 2 mounts for angled ceilings, purlins, I-beams, girders and trusses. Adding compatible B-Tech mounting interfaces and accessory collars to mount CCTV dome cameras and other AV equipment such as flat screens, allows users of System V to create custom ceiling mounted solutions that suit their specific needs.

SPECIFICATION

External dimensions	78.5mm x 48.6mm
Colour	White

FEATURES

- Pole adaptor allows a System 2 ceiling mount to be fitted to a System V pole
- Ideal for use with System 2 mounts such as BT7808, BT7012, BT7017 & BT7825
- 4mm heavy duty steel supports substantial loads with minimal movement of mounted poles
- Multiple grub screws allow micro-adjustment of the pole to ensure a perfectly angled drop
- Allows cables to pass through the poles and adaptor
- Safety bolt hole ensures a secure connection to System V poles and ceiling mounts
- Create a variety of ceiling mounted CCTV installs using System V's range of components

4mm heavy duty steel supports substantial loads with minimal movement

Pole adaptor allows System 2 ceiling mounts to be used with System V poles

Ideal for use with System 2 mounts such as BT7808, BT7012, BT7017 & BT7825

Safety bolt and grub screws secure adaptor to poles and ceiling mount
