

¼ round 22 x 22mm profile covers expansion gaps between floors and skirting. The 22 x 22mm (W x H) dimensions scale well to blend with popular skirting boards, while providing capacity for cable bending radii around corners.

Traditional floor trim is usually nailed, and requires precise measuring of lengths before corners can be mitre-cut at 45° angles. By contrast D-Line ¼ round can simply peel-and-stick to skirting, while the clip-over corner-bends save any need for precise measuring and can cover oblique cuts.

Compared to regular floor trim, D-Line features combine to enable approximately 50% quicker installations – and then it's easy to add or remove cables!

- Easy to install, looks great!
- Self-adhesive, simply peel & stick to skirting. Also can be drilled & screw-fixed
- Corner accessories eliminate the need to mitre-cut
- A smart alternative to traditional floor trims
- Shock-absorbing hinge effect

Production method	Single piece design, produced in one single process by extrusion
PVC base & lid	Light weight, easy to handle & cut Self-extinguishing Can be drilled
Flexible hinge	Effectively bonds base & lid - lid cannot detach Impact absorbing Can be opened & closed thousands of times
Available colours	White, Oak Effect, Stainable
UV stabilised	Will not discolour or turn brittle in sunlight
Operating temperature	Stable between -30°C up to +60°C
¼ round design	No sharp edges Enables subtle aesthetics For horizontal (& vertical) 90 degree intersections
External dimensions	22mm x 22mm (W x H)
Tape	Foam backed 1mm thick Effective on clean dry surfaces Caution, can spoil surfaces on removal
Paintable	Scuff using gentle abrasive such as sandpaper, so paint keys for best results
Weight	0.15 kg per metre
Packaging	Each length supplied with removable film cover
Capacity	If containing 240v cords leave 45% of internal capacity for air circulation
Quality approvals	BS EN 50085 - 1:2005 Part 1
